Re: Parc Ferme Restrictions, Podium Procedures	Time: 14:23

For the avoidance of doubt, Teams paddocked in the “Island” north of Turn 11 must return to that paddock after each session, and technical inspections will take place in that area under parc ferme conditions.

All restrictions applicable to parc ferme must be respected by teams paddocked on the “Island”. Series Scrutineers are present in that paddock and will conduct physical inspections and download data as required in the sporting regulations.

Any drivers finishing races in a podium position must stop in Pit Lane, before the “Cut”, exit their cars and move the podium, while their crew members take their cars, under supervision of series personnel, to the Island for period that parc ferme remains in effect.
