Subject: GT World Challenge – Pit Stop Window Change

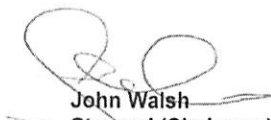

Date: 6 August 2020

Time: 16:15

The Organizers have requested and the Stewards have approved a change to the GT World Challenge Pit Stop Windows – Sporting Regulations Article 20.4.

To accommodate the end of the GT Sport Club races – checkered at the 40 minute mark – and to avoid Pit Lane congestion that might interfere with GT competitors completing their required pit stops, the opening of the GT Pit Stop Window will be delayed 5 minutes, opening the Pit Stop Window at the 45 minute mark.
