

## Stewards Bulletin No. 11

To: All Competitors

Subject: Stewards Bulletin No. 11 – Safety Jack Stands / Blocks

Date: 14 October 2021 Time: 18:30

All IGTC competitors are required to use jack stands or blocks under the car during pit stops if work is being done underneath the car. For clarity, the rule for this will mirror the GT World Challenge America regulations - GT WC America Sporting Regulations Article 36.4.

That article reads -

### 36.4 Safety Jack Stands / Blocks

- a) Must be used when a car is raised and any part of anyone's body is under any part of the car including inside of wheel wells.
- b) Must be capable of supporting a car in case of a jack failure.
- c) Are not required when only changing the tires/wheels
