---

After the conclusion of GT World Challenge America Race 2, the Race Director referred a matter to the Stewards for investigation regarding the race start and the order in which the cars aligned for the start.

The Stewards obtained video from the No. 96 car and from the No. 3 car, and an audio recording of Race Control calling out the cars from Pit Lane for the start of the Formation Lap.

After a review of the published amended grid, of the video files noted above, and of the audio recording file from Race Control, it was determined that the No. 6 lined up in the incorrect column – the right column instead of the left column – for the start.

The Stewards impose a penalty for a False Start. As the race has concluded, the drive through penalty converts to a “drive through equivalent” as defined in Stewards Bulletin No. 02, which is 31 seconds.

**The competitor is reminded of his right to appeal (Article 18) except the penalties which are not susceptible to appeal.**
